Obtain the lowest price on short-term acute care prescription drugs. Use your card at chain and independent pharmacies nationwide. Save on your out-of-pocket expenses. Discounts range from 10% to 60% on most medications.

Receive the lowest price in the store, on that day, regardless of promotions and discounts.

How To Use

1. Find a pharmacy near you by calling Member Services at 800-800-7616, Monday through Friday, 7 a.m. to 7 p.m. and Saturday, 8 a.m. to 5 p.m. Central Time or checking our website at www.rxpricequotes.com. Present your membership card along with your prescriptions to the pharmacist. The pharmacy computer system will compare our contracted discount price with the pharmacy's retail price when the prescription is processed. You pay the lower of the two prices directly to the pharmacy at the point of sale.
2. Please do not call the pharmacy for price quotes. Prices may change from day to day and they cannot be given over the telephone. Visit www.rxpricequotes.com to look up drug prices by location.
3. If your pharmacy happens to be selling any maintenance medications prescribed to treat on-going ailments, such as high blood pressure and arthritis, for less than the contracted price, you will receive the pharmacy's best price.
4. If you experience any difficulties in using the pharmacy program, please call or ask the pharmacist to call our Member Services department at the number located on the back of your membership card.
