These Disclosures and Schedules set forth certain conditions and penalties applicable to your Accounts at Texas Trust Credit Union.

## GENERAL PROVISIONS

The Certificate may be redeemed on the maturity date at the Credit Union and the Certificate may not be pledged, transferred, or assigned to any party (NONTRANSFERABLE, AS DEFINED IN 12 CFR, PART 204) other than the Credit Union. The Credit Union reserves the right to require at least seven (7) days and up to sixty (60) days notice prior to withdrawal or transfer of funds. A Joint Owner of a Certificate has full right of survivorship, however, a Joint Owner may be removed at the request of the primary member, in writing, without notice to the Joint Owner. Joint Owners are not permitted on IRA Certificates.

## RATE INFORMATION

The Annual Percentage Yield (APY) is percentage rate reflecting the total amount of dividends paid on an Account, based on the dividend rate and frequency of compounding for a 365 day period. The Dividend Rate & the Annual Percentage Yield may change on a weekly basis by determination of the Credit Union Board of Directors. Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period. The dividend rate and APY disclosed on the reverse reflect the dividend rate and APY as of the last dividend declaration date. Dividends will accrue at the stated Annual Percentage Yield from the issue date of the certificate until the maturity of the certificate. The state APY assumes dividends remain in the Account until maturity. A withdrawal will reduce earnings.

## COMPOUNDING AND CREDITING

Dividends are compounded monthly & are credited monthly. Dividends are calculated on the full amount in the account each day, subject to minimum balance requirements. The dividend period is monthly, for example, the beginning date of the first dividend period of the calendar year is January 1st, and the ending date of such dividend period is January 31st. In this example, the dividend distribution date of the dividends earned would be February 1st.

## MINIMUM BALANCE REQUIREMENTS

Minimum balance requirements on Credit Union Certificates are disclosed on the reverse side. You must maintain the par value of one share in your primary Share Account in order to maintain other Accounts and/or Certificates at the Credit Union. The par value of one share in this Credit Union is \$5.00. The par value of one share for members who are 12 years of age or younger is \$5.00. The disclosed minimum balance must be maintained or the Certificate will be forfeited. The penalties described below will apply.

## BALANCE COMPUTATION METHOD

Dividends are calculated by the Daily Balance Method, which applies a daily periodic rate to the balance in the account for each day of the dividend period.

## TERM AVAILABILITY

The terms available for the individual types of Certificates are listed in the Rate Schedule (on reverse). The maturity date of Certificates cannot be changed.

## RENEWAL INFORMATION

AUTOMATIC RENEWAL: Your Share Certificate will automatically renew at maturity.

NOTIFICATION: The Credit Union will send notification at least ten (10) days prior to maturity.

GRACE PERIOD: You will have a grace period of ten (10) calendar days after the maturity date to withdraw funds without being charged an early withdrawal penalty.

RENEWAL TERMS: The term will be the same as the \*\*original term, beginning on the maturity date.

\*\*Promotional Certificates may vary.
