## TRUTH IN SAVINGS DISCLOSURES & RATE SCHEDULE - CDs

**GENERAL PROVISIONS** - The Certificate may be redeemed on the maturity date at the Credit Union and the Certificate may not be pledged, transferred, or assigned to any party (NONTRANSFERABLE, AS DEFINED IN 12 CFR, PART 204) other than the Credit Union. The Credit Union reserves the right to require at least seven (7) days and up to sixty (60) days' notice prior to the withdrawal or transfer of funds. A Joint Owner of a Certificate has full right of survivorship; however, a Joint Owner may be removed at the request of the primary member, in writing, without notice to the Joint Owner. Joint Owners are not permitted on IRA Certificates.

**RATE INFORMATION** - The Annual Percentage Yield (APY) is percentage rate reflecting the total amount of dividends paid on an account, based on the dividend rate and frequency of compounding for a 365-day period. The Dividend Rate & the Annual Percentage Yield may change on a weekly basis by determination of the Credit Union Board of Directors. Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period. The dividend rate and APY disclosed reflect the dividend rate and APY as of the last dividend declaration date. The stated APY assumes dividends remain in the Account until maturity. A withdrawal of funds will reduce earnings.

In this example, the dividend distribution date of the dividends earned would be February 1st.
